that I was receiving piecemeal from the C.P.A. At San Francisco the transcript of the testimony before the C.P.A. Commissioner and that the C.P.A. had promised me a complete transcript on September 5, 1946 since there were only three copies in existence and they needed the three copies until after the next hearing. [REDACTED] requested that we forward to the Bureau as quickly as is received the pertinent portions of the C.P.A. transcript. I told him that we would do this. I also advised him that for the time being we are not conducting further investigation until we ascertain the outcome of the C.P.A. hearing on September 5th. He asked if the facts developed at that hearing would be available to us and I told him that I believe they would. He requested that we forward that information to the Bureau also as quickly as it is received. b7c

Re: BENJAMIN "BUGS" SIEGEL
MISCELLANEOUS; INFORMATION CONCERNING;
CRIME SURVEY

At 1:05 p.m. today Assistant Director ROSEN called with reference to our teletype earlier today concerning the C.P.A. hearing at San Francisco tomorrow. Mr. ROSEN wanted to know if I considered [redacted] trustworthy enough so that we could go to him and ask him if he planned to place the witnesses under oath at tomorrow's hearing in San Francisco and if not whether we could suggest [redacted] that witnesses be placed under oath. I told Mr. ROSEN that I felt that we could approach [redacted] on the matter. However, from my reading of the transcript of the previous hearing it appears that it is the usual practice to examine witnesses without placing them under oath but giving them a warning that any false statements are in violation of the law. I told him that I believe [redacted] would receive our inquiry in a gracious manner, but would probably tell us that he will not place the witnesses under oath because it is not the usual custom. b7c

With reference to that portion of our teletype today concerning [redacted] of the C.P.A., Mr. ROSEN said that we should not approach [redacted] to ask him to work with us in connection with any attempts to bribe him. Mr. ROSEN said that we should place SIEGEL under surveillance and I told him that we had already done that. He also said that we should locate [redacted] and place him under surveillance. However, we are not investigating [redacted] but our surveillance of [redacted] is merely to cover our surveillance of SIEGEL in order that we would be apprised in the event SIEGEL approached [redacted]. I told Mr. ROSEN that we were attempting to locate [redacted] that we had checked the hotels at Las Vegas but had not found him and the informant at Las Vegas was of the opinion that [redacted] had proceeded to Los Angeles. I advised Mr. ROSEN that we were going to see [redacted] of the C.P.A. at Los Angeles since he had requested the agents to call on him today and during the interview with [redacted] the matter of [redacted] would be brought up and possibly [redacted] can tell us where he is presently located. I told Mr. ROSEN that after we locate [redacted] we will place him under discreet surveillance. b7c

At 1:25 p.m. I called Special Agent in Charge KIMBALL of the San Francisco Office and requested that he have Special Agent [redacted] b7c

MISCELLANEOUS INFORMATION CONCERNING -
CRIME SURVEY

DECLASSIFIED BY SP-7 MAC/RS
ON 11-20-85

Dear Sir:

Reference is made to my letter, dated August 22, 1946, in the above-captioned case.

The following information is being brought to your attention in connection with the activities of [redacted] and his associates at the Del Mar Hotel and Track.

[redacted] advised that on August 21, 1946 [redacted] an associate of BEN SIEGEL, had called [redacted] at which time [redacted] mentioned having been chased by the locals. This conversation apparently referred to the fact that [redacted] had been removed from the Del Mar Track. [redacted] inquired as to "whether it was for that thing" and [redacted] said, "No, horses." [redacted] also related that he had been the only one who had been chased from the track. With reference to "for that thing," it is believed to refer to the doping of the horses at Del Mar recently. On the same date [redacted] also related that [redacted] had contacted one [redacted] who inquired [redacted] as to his having been taken out of the box. Apparently this refers to Del Mar. [redacted] stated that it wouldn't interfere with anything as it would be O.K. in a day or two and he could return. [redacted] informed [redacted] that it was the sheriff's office who had taken him off the track. [redacted] inquired as to whether "they want money" and [redacted] stated "No."

Again on the same date this source reported [redacted] had called one (phonetic) last name not known and [redacted] mentioned being chased. [redacted] stated that [redacted] was going to get it that day. This is believed to mean that [redacted] was to be chased from the track at Del Mar. [redacted] inquired as to how [redacted] would be chased and he reported that it "might not be true, but that is what a guy told me and he is close to those guys-- he is a legitimate man." [redacted] did not think there was anything to it and that he would be back in a couple of days. [redacted] mentioned that the other guy [redacted] is in "too strong with them."

On August 22, 1946 [redacted] stated [redacted] had talked to [redacted] they discussed the individual who had "grabbed" [redacted] at the track and it was

[redacted] had reserved [redacted] when the individual was identified as [redacted] stated, "You can straighten him out easier than you can straighten a sailor bill out of your pocket." [redacted] then inquired as to whether [redacted] had talked to him and [redacted] said, "No," he figured the other guy was O.K. [redacted] then inquired as to whom he was speaking of and [redacted] stated [redacted] stated [redacted] O.K." and inquired as to why he didn't straighten you out with [redacted] before. [redacted] asked, "What does it take for [redacted] called, "Give a hell a C — you will be giving him a lot of money." [redacted] then said [redacted] would go back and that he could talk to the guy "just like nothing" and said he thought [redacted] knew him. [redacted] said that he did not think it was necessary to fool around with him as he was "O.K. with the big guy." [redacted] indicated that those other guys "unfair" from thoroughbred having may have put a little heat on. According to [redacted] had told him "they have got me running my legs off, chasing people, and I am tired of it."

[redacted]

With reference to [redacted] the Los Angeles Field Office files reflected one [redacted] was reported in the General Crime Survey, Los Angeles Field Division, for October 15, 1945, as being an associate of [redacted]

[redacted]

The same confidential source stated that on August 22, 1946 [redacted] called [redacted] at the Hotel Del Mar and stated that he had worked the track that day, but that he had been very quiet as there were "some real people" who were going to "catch me" and take me off. [redacted] stated that the boys had separated that day because they heard about the heat being on.

[redacted]

The Los Angeles Field Office files reflect that one [redacted] had been reported in the FUR Dreds report, dated February 9, 1949, as being a friend of [redacted]

[redacted]

A check of the Los Angeles telephone directories reflect that [redacted]

Re: BENJAMIN "BOOS" SIEGEL, with aliases

On August 22, 1946, [redacted] stated that [redacted] after talking to [redacted] had spoken to [redacted] at the Del Mar Hotel concerning the activities of the truck. [redacted] stated that he "had BOO for [redacted] and that it was O.K. for [redacted] to return to Del Mar after the next day. b2 b7D b7C

On August 25, 1946 this source stated that [redacted] had called a [redacted] at the Del Mar Hotel. During the conversation [redacted] stated that he was waiting for an O.K. before returning. [redacted] inquired as to how various individuals were making out at Del Mar and MORTON indicated that things were not going too well and that the action was "very dead here." b2

With reference to previous information furnished to you in the referenced letter regarding [redacted] this is to advise that the confidential source reported that [redacted] was in contact with [redacted] at Los Angeles on August 23, 1946 and the conversation appeared to be in reference to the card game with [redacted] indicated that he had been with the "guy" the night before. [redacted] related that [redacted] stated that he had never played with [redacted] but that he had himself. [redacted] stated that [redacted] could do "a few tricks and this friend was losing and indicated that [redacted] was "doing tricks on my friend." It appeared from the conversation that the card game which was to take place between [redacted] never took place. b2

Through [redacted] it appeared that [redacted] left Los Angeles on the evening of the 28th or the morning of Aug. 29th to return to Del Mar. It was thought that [redacted] would return to Del Mar with him. b2 b7D b7C

Mr. ROSEN called from the Bureau at 8:55 a.m. today and referred to the teletype from San Francisco dated September 5, 1946. He said that this teletype did not indicate whether the witnesses had been placed under oath. I referred Mr. ROSEN to my telephone call with [redacted] yesterday and He said he was familiar with that but since my phone call the C.P.A. Officials in Washington were supposed to have communicated directly with Commissioner [redacted] requesting him to place the witnesses under oath. Mr. ROSEN said that I should look over the San Francisco teletype and then communicate with San Francisco to clarify any questions that might occur to me in reading the teletype. He said he desired me to call him rather than for him to communicate directly with San Francisco. b7c

At 9:15 a.m. I spoke with Special Agent in Charge KIMBALL at the San Francisco Office and asked him to have Special Agent [redacted] call [redacted] of the C.P.A. to determine whether the witnesses had been placed under oath. Referring to the San Francisco teletype, I told Mr. KIMBALL that the [redacted]

Supervisor [redacted] of the San Francisco Office then spoke with me and gave a resume of the activities as secured over the microphone surveillance on BUGS SIEGEL's room. This was put in operation at 6:00 p.m. on September 5, 1946, and immediately after it was in operation mention was made of [redacted]. Also, there was mention of [redacted] who drew plans and I advised [redacted] that this was the Los Angeles Architect who drew the original plans for the casino and restaurant on the Flamingo Hotel project. There was then a discussion as to who would be the best witness on behalf of SIEGEL and his associates and mention was made of the name [redacted] of the Del Webb Construction Company. Some one then said: "We'll have to put on some one who can show up the expert". This was probably a reference to [redacted] the C.P.A. expert. Mention was then made of putting [redacted] on. Someone else suggested that [redacted] of the Del Webb Construction Company would be a good one because he is a "nice clean guy". Others in the party opposed this, stating that he would be "a hell of a witness". There was then some mention made of a letter received [redacted] July 1st, but this was not clarified.

[redacted] b7c
[redacted] At 6:50 p.m. [redacted] mentioned that he thought the hearing would be favorable tomorrow. At 7:10 p.m. all of the persons in the room went to dinner. At 9:15 p.m. at least three persons returned to the room and a card game was started.

[redacted] At 9:20 p.m. [redacted] believed to be [redacted] entered the room and joined the card game. He mentioned that he had had a very bad day. He stated that he had lost \$200,000 on the stock market in the last three days. At 10 p.m. [redacted] called the switchboard at the Hotel and said he was expecting a call and told the switchboard the room he was in in order that they would be certain to get the call to him. Some one then stated that they had better wait for the meeting tomorrow before talking to [redacted]. I told [redacted] that this might have been [redacted] referring to his brother [redacted] who is interested in the Flamingo Hotel project.

Re: BENJAMIN "BUGS" SIEGEL

At 3:10 a.m. two players left the card game and used the phone in the next room but agents could not overhear the conversation. At 4:15 a.m. the card game broke up and the only additional information at this point was an individual named [REDACTED] was in the game. This might be [REDACTED] b7c

I then spoke with Special Agent [REDACTED] and he advised that Commissioner [REDACTED] had requested that [REDACTED] on the project, be called to testify. [REDACTED] advised the following telephone calls were made from Suite 1135-34 of the St. Francis Hotel: b7c

[REDACTED]

At 11 a.m. I spoke with Mr. ROSEN at the Bureau and advised him that the witnesses at the C.P.A. hearing had been placed under oath before testifying; that yesterday only Government witnesses had been heard but the respondents' witnesses would be testifying today. I also summarized for him the information concerning the activities of the individuals at the St. Francis Hotel as furnished by the San Francisco Office. I advised him that the individual mentioned in San Francisco teletype as [REDACTED] was in fact [REDACTED]. I also advised him that the identity of the individual named [REDACTED] referred to in San Francisco teletype is actually [REDACTED] who has handled criminal matters previously for SIEGEL in Los Angeles. I told Mr. ROSEN that this would indicate to me that SIEGEL is taking a prominent part in the present hearing since San Francisco indicated that [REDACTED] who was [REDACTED] attorney had not had much to say at the hearing. I also explained to Mr. ROSEN the fact that [REDACTED]

While speaking with Assistant Director ROSEN at the Bureau at 11:10 a.m. today, I called his attention to the San Francisco teletype of September 7, 1946 wherein mention was made that SIEGEL and his associates might have [redacted] for the Flamingo Hotel project, present their side of the case to an impartial architect, who might be selected by Commissioner [redacted]. I advised Mr. ROSEN that we learned this morning that SIEGEL was in conference with [redacted]. Mr. ROSEN asked me what [redacted] reputation was and I told him that we had not yet checked on that but we knew nothing derogatory concerning him. Mr. ROSEN asked if [redacted] had drawn up plans for the Flamingo Hotel project and I advised him that [redacted] had drawn the original plans from which [redacted] worked, but that this plan showed only a casino and restaurant and did not show a hotel building. I told Mr. ROSEN I did not know how SIEGEL expected [redacted] to be of assistance to them unless they persuaded [redacted] to prepare some phony plans.

b7c

At this time I also advised Mr. ROSEN that I had been in communication with the San Francisco Office and that they had been unable as yet to get in touch with [redacted] to determine what had occurred at the C.P.A. Hearing. I advised Mr. ROSEN that the San Francisco Office had told me that [redacted] is on sick leave today, but would possibly be at his office this afternoon and that we would have to wait until [redacted] is available before we can find out the details of the proceedings before the C.P.A. Commissioner.

RE: BENJAMIN "BUGS" SIEGEL, with aliases-
MISCELLANEOUS; INFORMATION CONCERNING -

Special Agent [redacted] called from Palo Alto, California, at 5:00 P.M., September 4, 1946, and advised that he had interviewed [redacted] who is to conduct the C.F.A. hearing on September 5, 1946. He said that [redacted] was cordial when he had his discussion, but on the matter of placing witnesses under oath [redacted] advised that ordinarily witnesses are not placed under oath unless this is requested by the attorneys. He said that he did not feel that he could place the witnesses under oath on September 5, 1946 since the September 5th hearing would be a continuation of the August 13th hearing at which time witnesses were not placed under oath and it would seem strange if he should on his own initiative ask that witnesses be sworn in before testifying. [redacted] suggested that we might have [redacted] do this and I told him that I would consult the Bureau on this matter before we make a request of [redacted] b7c

At 9:00 P.M. on September 4, 1946, Special Agent in Charge KIMBALL, of the San Francisco office called me and said that SIEGEL, VIRGINIA HILL, [redacted] were at the Saint Francis Hotel; that SIEGEL had reservations for six people at the Saint Francis Hotel for 1:00 P.M., September 4th, and when he had not arrived by 6:00 P.M. the hotel cancelled the reservations. SIEGEL arrived at the hotel at about 7:30 P.M. and insisted on accommodations. The management refused to take care of SIEGEL and his party until the Agents intervened and then the management agreed that they would place SIEGEL and his party in rooms at the hotel in order that the Agents would not have to surveil them around San Francisco while they sought accommodations. Mr. KIMBALL pointed out that under this arrangement we are not able to fully cover SIEGEL's activities, but the management said that if he stays over the evening of September 5, 1946 they will place SIEGEL and his party in other rooms which will permit us to ascertain their complete activities. b7c

Mr. KIMBALL likewise advised that [redacted] was staying at the Whitcomb Hotel at San Francisco, along with [redacted] that this hotel is located about two blocks from the C.F.A. headquarters at 1355 Market Street. Mr. KIMBALL said that the Agents have not yet seen [redacted] but were going to stay at the hotel until they had him spotted. b7c

RE: BENJAMIN "BUGS" SIEGEL, w.as.
MISC.; INFO. CONC.; CRIME SURVEY

At 8:40 A.M. today (September 5, 1946), I spoke with [redacted] at the Bureau in the absence of Assistant Director ROSEN. I told [redacted] that Special Agent [redacted] of the San Francisco office had interviewed [redacted] at San Francisco yesterday (September 4, 1946) afternoon; that [redacted] said that he did not feel that he could place the witness under oath at the C.P.A. hearing on September 5, 1946 since ordinarily witnesses are not placed under oath unless the attorneys request it. He said that it would be particularly unusual in the present case since this is a continuation of the hearing of August 13, 1946 at which time the witnesses were not placed under oath. I told [redacted] that we could ask [redacted] to have the witnesses placed under oath, but [redacted] said that we should not do this. b7c

I also advised [redacted] that BEN SIEGEL, VIRGINIA HILL [redacted] had gone from Los Angeles to San Francisco by plane at 5:00 P.M. last night and were staying at the Saint Francis Hotel at San Francisco. I also advised him that [redacted] was also at the Saint Francis Hotel. I advised [redacted] that there had been a mix-up on the hotel reservations at the Saint Francis Hotel and, therefore, we were not able to place the subjects under microphone surveillance; [redacted] b7c b7c

I also advised [redacted] that [redacted] is staying at the hotel about two blocks from the C.P.A. headquarters in San Francisco; that he had been in San Francisco all day yesterday (September 4, 1946) and therefore there had probably not been any opportunity for SIEGEL to get in touch with him. I told [redacted] that the San Francisco office would maintain a discreet surveillance [redacted] b7c

At 9:00 A.M., September 5, 1946, I spoke with SAC KIMBALL at the San Francisco office and told him that the Bureau did not desire that we get in touch with [redacted] in order to request him to place the witnesses under oath in today's hearing before the C.P.A. b7c

Mr. KIMBALL advised that the Agents have finally spotted [REDACTED] last evening; that he went for a walk for about an hour with [REDACTED] and then returned to the Hotel. I told Mr. KIMBALL that the Agents should be certain to obtain [REDACTED] the individuals involved in this matter and Mr. KIMBALL said that such arrangements have been made. b7c b7D

CRIME SURVEY

At 9:10 a.m. on September 9th I spoke with Special Agent in Charge KIMBALL of the San Francisco Office and told him that when [REDACTED] is questioned concerning the C.P.A. Hearing he should be asked who testified on behalf of SIEGEL and his associates and furnish this information to the Bureau together with the Commissioner's decision. Mr. KIMBALL advised that [REDACTED] was on sick leave on September 9th, but would be at his office in the afternoon, at which time Agent [REDACTED] would interview him for the details concerning the C.P.A. Hearing. b7c

CRIME SURVEY

Re: SURVEILLANCE ON SIEGEL, VIRGINIA HILL, b7c
[REDACTED] ET AL
DATES OF SEPTEMBER 10 and 11, 1946

The following surveillance was conducted by Special Agents b7c
[REDACTED]

On September 10, 1946 the surveillance was picked up at 9700 Wilshire Boulevard, the building of Attorneys [REDACTED] at about 3:30 or 4 p.m. From this point, SIEGEL, VIRGINIA HILL, and a third party, name unknown, but later possibly identified as [REDACTED] were surveilled to JULES PARK Dress Shop, which is located on the corner of Beverly Drive and Wilshire. VIRGINIA HILL spent approximately 20 minutes at this establishment and then returned to SIEGEL's car and proceeded to Hollywood, where SIEGEL, et al, circled the vicinity of the Gables Apartment, located at 8250 Fountain. Later SIEGEL and VIRGINIA HILL were observed to park the automobile on Harper near Fountain and to walk to the intersection, where SIEGEL visibly pointed in an upward direction to this apartment. b7c

The following surveillance was conducted on September 11, 1946. Surveillance was picked up at 9700 Wilshire, Beverly Hills, California, where [REDACTED] an individual believed to be [REDACTED] and BEN SIEGEL were observed to leave the front entrance of the building and to proceed to the private parking lot in the rear of this building. [REDACTED] was observed to drive his Green Chrysler away from this parking lot; however, SIEGEL and his associate were missed on this occasion. However, shortly thereafter [REDACTED] Cadillac Convertible, with no license number, was observed in front of the Beverly-Wilshire Hotel and later was observed in front of Jerry Rothchild's Barber Shop on Beverly Drive right off Wilshire. While surveilling this Cadillac Convertible, VIRGINIA HILL and a female associate were observed to drive up and park their Chrysler black convertible, license number 87 J 344, on the street opposite JERRY b7c 22

Re: BENJAMIN "BUGS" SIEGEL

ROTHCHILD's barber shop. On this occasion [redacted] who was apparently either in ROTHCHILD's or on the street in front of ROTHCHILD's, proceeded across the street and visited with VIRGINIA HILL and the other occupant of this car. Shortly thereafter BEN SIEGEL and another man with red hair, believed to be [redacted] appeared and all engaged in a conversation for approximately 20 minutes to one-half hour. [redacted] was then called to the opposite side of the street by an unknown individual. BEN SIEGEL, VIRGINIA HILL and the third party departed and were surveilled by Agents to the Mission Village Motel at 5675 ~~SW~~ Washington. It was noted here that BENJAMIN SIEGEL, VIRGINIA HILL and the third party took a table and were observed at all times. It was ascertained that a short time thereafter the third party departed from the table and was not observed again that evening. SIEGEL and HILL after approximately one and one-half hours at this place departed in the Chrysler. They were surveilled back to Hollywood, where they again parked in front of the apartment which is located at 1325 Gower right off of Sunset near the Columbia Studio. It was on this occasion that an agent was able to surveill this automobile from immediately across the street and it was determined that three women at one time were seen conversing with SIEGEL. These women had very light complexions and were believed to be blondes. Further investigation to identify these parties will be attempted. b7c

SIEGEL was then surveilled to [redacted] residence at 721 North Doheny, where the surveillance was discontinued inasmuch as it was believed that interested parties were en route to VIRGINIA HILL's apartment to retire. b7c

Agents [redacted] and the writer then contacted the Mission Village Motel and under pretext determined that the third party who was left at the Mission Village Motel was one [redacted]. This information was obtained from a middle-aged lady by the name of [redacted] who was operating the coffee shop at this motel. [redacted] advised that she was called back to work inasmuch as [redacted] had sprained her ankle and that [redacted] was asked by VIRGINIA HILL to assist VIRGINIA in moving into her new home. [redacted] stated that [redacted] left VIRGINIA HILL sitting at a table in the coffee shop and departed to her living quarters and it was her opinion that she had terrific pain from the sprained ankle. Further information under pretext was not forthcoming. However, a check of various license certificates indicated the operator of this Motel to be [redacted] and it is also to be noted [redacted] stated [redacted] was the operator of this motel. At approximately 11 p.m. VIRGINIA HILL's address at 10814 Wilshire was checked and it was ascertained interested parties had arrived there and apparently retired for the evening. b7c 229

Re: BENJAMIN "BUGS" SIEGEL

CRIME SURVEY

At 9:45 p.m. September 12, 1946 I telephoned the San Francisco Office and spoke with Special Agent [REDACTED]. I asked him concerning the status of the C.P.A. hearing at the present time and he said that the hearing is still going on and it appears that the subjects are at the Whitcomb Hotel and plan to take a plane for Los Angeles about midnight. I told Special Agent [REDACTED] that I wanted to talk with Special Agent [REDACTED] who was out of the San Francisco Office at the time I made the call, and instructed [REDACTED] to have [REDACTED] call me immediately upon his return to the office. At 10 p.m. on September 12, 1946 Special Agent [REDACTED] telephoned me from San Francisco and said that subjects [REDACTED] SIEGEL [REDACTED] had departed San Francisco on Western Airlines Flight 335 shortly before 10 p.m. He said that this plane was scheduled to leave at 9:30, but was late departing. [REDACTED] said he did not know the outcome of the C.P.A. hearing and I asked him if he could secure this information tonight and forward it to the Bureau. He said that [REDACTED] was not available for interview tonight, but that he would get in touch with him first thing on the morning of September 13th. I instructed [REDACTED] to send a teletype to the Bureau to that effect.

CRIME SURVEY

At 1:10 P.M. today (September 12, 1946) Special Agent [redacted] telephoned from San Francisco and stated that SIEGEL [redacted] and two unknown individuals had arrived at San Francisco and had taken a room at the Saint Francis Hotel for one day. We have microphone coverage on the room and the discussion at the hotel room was about the hearing and an argument whether they were building one or two buildings at the Flamingo Hotel Project. They then proceeded to the Whitcomb Hotel where the hearing is being held on the mezzanine floor. b7c

[redacted] wanted to know if they should continue a physical surveillance on SIEGEL and I told him they should continue a loose surveillance because we want to know at all times where SIEGEL goes; that probably he would come back to Los Angeles in view of the fact that [redacted] had made reservations on Western Airlines for the return trip, but we had no assurance that SIEGEL would return here. I also advised [redacted] to get the results of the hearing this afternoon and furnish it to the Los Angeles Office and the Bureau at once. b7c

[redacted] said that he planned to see [redacted] tomorrow, September 13, 1946 and I told him I would prefer that they would get in touch with [redacted] after the hearing this evening in order that we could make our plans for future investigation which would necessarily depend on the outcome of this hearing. b7c

I pointed out to [redacted] the possibility that the hearing might extend on into the evening, in which event it would be impossible to furnish to the Bureau the outcome of the hearing during the evening of September 12th, but in any event I would communicate with San Francisco and see to it that they did secure this information as soon as possible. b7c

DECLASSIFIED BY SP-7 MAC/106
ON 11-20-85

Dear Sir:

Reference is made to Los Angeles letter dated September 3, 1946 regarding a telephone call made by BEN SIEGEL to MEYER LANSKY at the Emby Distributing Company, 525 W. 43rd Street, New York City, [REDACTED] b7c

In this connection reference is made to the report of Special Agent [REDACTED] dated August 30, 1946 in the case entitled "CAPGA; Miscellaneous Information; Crime Survey", which, on pages 45 and 46, sets forth information concerning the corporate structure of the Emby Distributing Company. It is to be noted that MEYER LANSKY is listed as a vice president of this organization. It is also to be noted that the telephone number CHickering 4-5050 is the listed telephone number of the Emby Distributing Company, 525 W. 43rd Street, New York City. || b7c

During several recent spot surveillances of MEYER LANSKY, who is considered a major subject in the Capga investigation in the New York office territory, he has been observed to spend a great deal of his time during the day at the offices of the Emby Distributing Company. Efforts are being made to determine whether LANSKY uses the offices of the Emby Distributing Company for the legitimate business that is carried on by this company in connection with the distribution of juke boxes or whether he also carries on any illegal activities in which he is suspected of being engaged at this office.

Since LANSKY is a major subject in the Capga investigation, all information concerning him will be reported in that file and copies of all reports are being designated to the Los Angeles Field office for its information.

Very truly yours,

DISSEMINATION: INFORMATION CONTAINED

IS UNCLASSIFIED

DATE 12-20-83 BY 617 mab/ba

This is to advise that on September 15, 1946, [redacted] reported that BENJAMIN SINGEL had conversed with [redacted] at which time SINGEL mentioned leaving on September 18th for Las Vegas, Nevada. SINGEL stated that he intended to be in Las Vegas for about one week, after which he would return to Los Angeles and then go to New York to "talk to some bankers to get a loan from—\$1,500,000". No further information was obtained through this confidential source regarding the trip to New York.

This office will endeavor to secure further details regarding SINGEL's departure for New York and the New York Field Office will be promptly advised.

It is requested that the New York Office make appropriate arrangements to cover SINGEL's activities completely at such time as he arrives in New York. As SINGEL has been in contact with MEYER LANSKY by telephone on several occasions during the past few weeks it is believed that he will be in contact with LANSKY during the time he is in New York City. Particular emphasis should be made to ascertain all details regarding financial transactions which take place in New York City during this trip. The Los Angeles Field Office is most desirous of securing all information regarding the source of SINGEL's income and it is believed that moneys are being made available to him by unknown sources from interests in New York City.

For your assistance in conducting this surveillance of subject there are enclosed two photographs of BENJAMIN SINGEL.

Re: BENJAMIN "BUGS" SIEGEL
MISCELLANEOUS; INFORMATION CONCERNING;
CRIME SURVEY

At 1:10 p.m. September 13, 1946 I spoke with Special Agent [redacted] of the San Francisco Office in the absence of Special Agent in Charge KIMBALL. I advised him that the Bureau as well as myself were most anxious to know the results of the hearing before the C.P.A. Commissioner on September 12, 1946 and that no communication had as yet been received from the San Francisco Office. [redacted] stated that a teletype had gone forward at 10:20 a.m. from San Francisco directed to the Bureau and Los Angeles. b7c

After checking with the Teletype Room in the Los Angeles Office, it was ascertained that this message had not been received here and the Teletype Room communicated with San Francisco, who then sent the message by teletype at 1:20 p.m. Later, the original message sent by San Francisco was received by relay from the Chicago Office.

At 7:00 p.m. September 15, 1946 Special Agent [redacted] telephoned from San Francisco and said that the informant of the San Francisco Office at the St. Francis Hotel advised that a reservation had been made for BEN SIEGEL of Los Angeles for a suite of rooms. [redacted] b7c b7D

At 10:55 a.m. on September 16, 1946, I spoke with Special Agent in Charge KIMBALL at San Francisco and advised him that we had now definitely placed SIEGEL in Los Angeles and asked who had occupied the room which was reserved in the name of SIEGEL at San Francisco. Special Agent [redacted] then came on the telephone and advised that no one had called for the SIEGEL reservation. [redacted] b7c b7D 25

Re: BENJAMIN "BUGS" SIEGEL
MISCELLANEOUS; INFORMATION CONCERNING;
CRIME SURVEY

At 9:50 a.m. on September 14, 1946 I spoke with [REDACTED] at the Bureau in the absence of Assistant Director ROSEN. I asked him if he had reviewed the San Francisco teletype of September 13, 1946 and he said that he was aware that the Government had lost the case before the C.P.A. Commissioner in San Francisco. I stated that the question now is whether this matter can be re-opened and [REDACTED] suggested that perhaps the doctrine of res adjudicata would apply, but I told him that I did not believe this since the proceedings before the Commissioner are not legal proceedings and are subject to review by the courts. I suggested, however, that this matter be discussed with the department. I pointed out that according to the VARIETY newspaper a case in Seattle had been handled by the United States Attorney to secure a court order stopping the construction of a \$100,000 theatre and [REDACTED] asked what the details of this were and I said that I do not know because VARIETY carried a very small article about it. [REDACTED] pointed out that it would probably be very difficult to establish a case at this point in view of the fact that the matter had been fully aired before a C.P.A. Commissioner. I stated that undoubtedly it would be a difficult case but that I could see no harm in at least conducting the investigation; that possible fraud in connection with the Flamingo Hotel is the only Federal violation that we have except the narcotic matter in Mexico, which is not under our jurisdiction. I said that I would like the Bureau's decision as soon as possible because the time element is important since construction of the hotel is going forward and we may find ourselves in the position of eventually going into court on this matter and having the defendants state that the hotel is practically finished so why should the government now try to stop them. b7c

I told [REDACTED] that our principal purpose in desiring to go ahead with this investigation is to stop the hotel, if possible, and secondly to trace back the money which has gone into the construction of the hotel. I told [REDACTED] that it would be necessary to conduct an open investigation of this matter because we can no longer investigate discreetly; that we have conducted all of the discreet investigation that is possible, and the matter is not at the point where we must openly interview various individuals beginning with [REDACTED] [REDACTED] requested that I submit a memorandum to the Bureau containing b7c 25

Re: BENJAMIN "BUGS" SIEGEL

my views on the matter and the investigation which I contemplated. I told him that I would submit such a memorandum, but would base it on the theory that we would investigate the false statement [REDACTED] at Reno, since the case will ultimately come back to that in any event and also since at this time I do not have the complete transcript of the hearings before the C.P.A. Commissioner, and, therefore, I am not in a position to analyze possible false statements at the hearing. I advised [REDACTED] that pending the Bureau's decision on this matter we would go to the C.P.A. Commissioner, and ask him exactly what he based his decision on to determine, if possible, he based his decision on some statement of the defendants which we could prove is false. b7c

During this conversation I asked [REDACTED] if there was any information in the Bureau files of a derogatory nature concerning AMERICAN DISTILLERS. [REDACTED] said that the only information he had was that [REDACTED] is an officer in AMERICAN DISTILLERS. I told him I was aware of that, but that one of the agents had spoken to an architect in Los Angeles, who stated that [REDACTED] and his associates had come to this architect asking him to draw the plans for the Flamingo Hotel project, but when he learned that AMERICAN DISTILLERS' money was going into it, he declined. [REDACTED] said that he would have a search made of the Bureau files and if there was any derogatory information it would be furnished to us. b7c

I call [REDACTED] attention to COLLIER's magazine for September 21st, Page 11, where there is an article titled "Blackjack over Nevada" which contains some information concerning BUGS SIEGEL. b7c

RE: BENJAMIN "BUGS" SIEGEL, with aliases
MISCELLANEOUS; INFORMATION CONCERNING-
CRIME SURVEY

On September 17, 1946, the writer checked Local Draft Board #248, 1917 Westwood Boulevard, and examined the file of SIEGEL, their serial no. 2853, Order no. 2427-A, in his occupational questionnaire, dated August 8, 1942. He gave the duties of his present job as "Sporting Ventures--Wagering." He stated that he was self-employed and in that blank entitled "Address of Place of Work," SIEGEL put "None--continuously traveling to various sports events." Under the title of "Job for which you will be best fitted," he put down "Administrative Official" and in that blank, stating "Duties of job for which you are best fitted," he wrote in "Supervision--Personnel." As the "Job for which you are next best fitted," the subject wrote "None." He showed his education as eight years of grammar school, married, two children under eighteen years of age, and had three dependents including the above two children and supported two other people.

On March 10, 1942, SIEGEL wrote to the Board, asking permission to go to Mexico City March 13, 1942 "for about fifteen days for personal business." On March 23, 1942, SIEGEL wrote the draft board that

"I, BENJAMIN SIEGEL, of 250 Delfern Drive, West Los Angeles, returned to Los Angeles, Sunday, March 22nd, from Mexico City."

The Board sent the subject an order to report for pre-induction physical examination on February 5, 1944, ordering him to report at Westwood and Santa Monica Boulevards at 7:00 A.M., February 15, 1944. On March 10, 1944, a letter was directed to the State Director of Selective Service in the Plaza Building, Sacramento 14, stating as follows:

"Above-named registrant was sent an order to report for pre-induction physical examination on February 15, 1944. At the time that it was sent he was in New York and he did not receive it in time to take the examination.

"Registrant became 38 on the 28th day of February, 1944. In view of the fact that he was not yet 38 when he was classified I-A and also that he is employed as an investment broker, the Board respectfully requests that a waiver of the age limit be granted in his case in order that he may be sent an order to report for pre-induction physical examination and be inducted into the Armed Forces."

Re: BENJAMIN "BUGS" SIEGEL, with aliases-

In response to this letter, the State Director of Selective Service at Sacramento directed a reply, dated March 15, 1944, which states as follows:

"We acknowledge receipt of your letter of March 10th, requesting waiver for induction of the above-named registrant.

"We have been advised by the National Headquarters that unless the Local Board is of the opinion that a registrant deliberately fails to report for induction, we should not request waiver for a man who has reached his 38th birthday.

"If the Local Board is of the opinion that the registrant had a plausible reason for not having received his order to report for induction, it should not request waiver for induction as it would not be considered a flagrant case.

"If, on the other hand, the Local Board is of the opinion that the registrant has intended to evade service pending his 38th birthday, then the Local Board may request waiver."

(Signed) [REDACTED]

Records Division

A letter from BENJAMIN SIEGEL, dated July 29, 1944 was in the file changing his address from 250 Delfern Drive to 721 North Doheny Drive. On his Selective Service Questionnaire, dated September 15, 1941, SIEGEL showed his occupation as "Betting Commissioner" and his duties "Receive and make wagers in connection with sporting events and the like." He showed his annual average income as \$50,000; stated that he was married at New York City January 7, 1928. His dependents were listed as the following:

<u>Name</u>	<u>Age</u>	<u>Relationship</u>
ESTHER SIEGEL	30	Wife
[REDACTED]		
MAX SIEGEL	64	Father
JENNIE SIEGEL	63	Mother

The registrant stated that he contributed \$12,000 during the last twelve months to the "above family group." His parents, MAX and JENNIE, were shown as dependents because of "age and ill health." He showed his birthdate as February 28, 1906 at New York City and also made the statement that he had not been convicted of a crime. This form had been filled out in its entirety by N. JOSEPH ROSS, a notary public and attorney, who stated he

had assisted the registrant because "hand hurt."

Registrant's affidavit, dated February 20, 1943, in that section under "Marital Information," set forth that he was married at 332 Rogers Ave., Brooklyn, New York. SIEGEL in addition said that he had earned \$40,000 in the past twelve months and showed as his dependents, MAX and JENNIE SIEGEL and [REDACTED]. He stated that he began contributing to the support of MAX and JENNIE in 1929 and to [REDACTED] in 1933. During the past twelve months, [REDACTED] received \$1,000 other income in addition to \$1200.00 from SIEGEL and his mother and father split \$2500.00. He gave the following relatives.

Relatives	Age	Relationship	Address
MAX SIEGEL	64	Father	1719 67th St., Brooklyn, N.Y.
JENNIE SIEGEL	63	Mother	1719 67th St. Brooklyn, N.Y.

In that part of the affidavit having to do with the registrant's job, he gave the following "Investments and Promotions. I investigate deals such as hotel purchases, sporting event promotions and other enterprises and consummate deals." As to the specific nature of his duties, the following was noted, "I do the following kind of work: 'In consummating deals stated above, I usually obtain an interest in return for my work. I am required to make trips to appraise and investigate all matters connected with such enterprises and to negotiate terms.'" His average earnings were shown to be \$50,000 a year. This form was likewise filled out by N. JOSEPH ROSS.

A second registrant's affidavit, dated October 28, 1933 revealed that \$3500.00 was contributed to his mother and father and \$1,000 to [REDACTED] who earned from outside sources \$1200.00 during the year.

MEMO., SAC:

Re: BENJAMIN "BUGS" SIEGEL, with aliases-

In the occupational section the subject stated, "Investment Broker" and also, "I consider various propositions concerning investments in enterprises and if satisfactory enter into such deals." Again his average yearly earnings were shown to be \$50,000 and likewise this form was filled out by N. JOSEPH ROSS.

On September 16 and 17, 1946, the writer contacted [redacted] Postmaster, Beverly Hills, California Post Office, concerning SIEGEL and the general hoodlum situation. [redacted] said that in his opinion the nick Lutze Garage in Beverly Hills is a hang-out for hoodlums. bx

[redacted] but was refused by the civic administration in Beverly Hills. Allegedly, this refusal was occasioned by the fact that many hoodlums hang out in this garage and are acquainted [redacted] and apparently some persons thought that cars for rent might provide an easy means of transportation during the hold ups and murders. X

In discussing the local picture, the informant went on to say that in his opinion [redacted]

[redacted] stated that the best way to catch up with SIEGEL and other bigtime hoodlums would be to have a man working in [redacted] office, this man either being an FBI Agent or person giving information. He is positive that [redacted] cannot remain out of jail very long because of the manner in which he is operating and went on to say that someone planted in his office would soon show the tie-up between law enforcement and hoodlums in this area. Also, he gave as example of a "smart politician" [redacted] who according to his own statement spent in excess of \$40,000 in the recent political campaign. The informant said that if this were true that he is of the opinion that [redacted] probably spent \$142,000 because over the years he has done favors for many people and this is the first chance these persons would have had to return these favors. In other words, those individuals whom [redacted] has befriended politically in the past would now contribute funds ostensibly for campaign purposes, a portion of which LYONS could and is expected to pocket. bx

Discussing the situation in Beverly Hills, [redacted] said that the town is full of hoodlums and that he considers the present Chief of Police a joke. He went on to say that "If I were a hoodlum, I would want him to stay in office." Because he is of the opinion that the Chief being the type he is, hoodlums have nothing to worry about as long as he remains in office. Inference was gained here that [redacted] was not dishonest, but he was not to bright. bx

MEMO., SAC:

September 23, 1946

Re: BENJAMIN "BUGS" SIEGEL, with aliases

[redacted] was a friend [redacted] since childhood and he went on to say that in his opinion BENJAMIN SIEGEL is attempting to set up a new wire service in competition to that owned by [redacted] interests. The mob's power in Chicago makes itself felt through the [redacted] machine. [redacted] is a contact of theirs as is [redacted] in Washington, D.C. b7c

In the course of the conversation, [redacted] said confidentially that in the event information concerning the situation in Nevada is desired that Agents in Reno might find it well to contact [redacted] "The Swede Postmaster in Reno.... He knows what's going on and is a pretty square fellow. He would work along with you."

I advised NULTY that we were going to conduct an open investigation concerning possible Fraud Against the Government in connection with the construction of the Flamingo Hotel on September 30, 1946 and advised NULTY of the individuals who would be interviewed at Las Vegas and told him that additional Agents would be sent from Los Angeles to assist the regular Agents at Las Vegas in these interviews.

Mr. NULTY stated that the purpose of his call was to discuss the situation [redacted] but that this open investigation would probably take care of that situation. I told Mr. NULTY that I was not in favor of the Agents going to [redacted] b2

[redacted] that after this open investigation is completed and we continue with our investigation of SIEGEL's activities generally that Special Agents [redacted] can then make their usual calls. b2

Mr. NULTY said that the Salt Lake City office would see to it that neither [redacted] were tied up on any lengthy investigations other than the instant case and that if in their calls at the police department they should obtain some case which was involved it could always be handed over to one of the other resident Agents for the completion of the investigation. b7c

There is also being enclosed one copy of Exhibit 6A being a plot plan of the Flamingo Hotel dated January 12, 1946, introduced at the hearing by the respondents. This copy was furnished this office by [redacted] and it is noted that he apparently secured it from the file of [redacted] Reno, Nevada. b7c
Photostatic copies of other exhibits will be forwarded separately.

Very truly yours,

Harry M. Kimball
